Sherie,

I sent this to Joe a while back to thank him for sharing with us. Gary told me you were collecting the tech lessons, and asked me to forward this to you.

Thanks,
Darren

Joe,

This is what I worked off of today in class. Thanks for providing the link!

<http://www.flippity.net/qs.asp?k=1jKZy7NINMLm8lqc5ppQYZc50ggKGBEIZwhonE9wyXs0>

I had the class break into 4 teams of 6. Each group had a dry erase board and markers. One team chose a category and point value and then all teams had to brainstorm and agree on an answer. Each team revealed their answer and points were awarded.
