Technology Lesson #3

- Geometry websites to assist measuring angles.

Students can use stylus pen on eno board.

- <http://www.visnos.com/demos/basic-angles>
- <http://mrnussbaum.com/age-of-the-angles-ipad.html>
- <http://www.mathplayground.com/measuringangles.html>

- Geometry websites to assist classifying triangles.

Students can use small group or individually on chrome books.

- <http://www.crickweb.co.uk/ks2numeracy-shape-and-weight.html#triangles>

- Free Geometry practice.

This website is nicely done with teams. Limited problems per day with free practice though.
