Google Classroom Directions

Log in with your user ID

Click on:

- Google (top left of screen)
- grid box (upper right)
- drive
- grid box again
- more
- classroom
- click on +
- create class: Type class name – Example: English 1

Class code will be provided.

Students will join class with the given class code.

As students display their written work, the teacher will have access to their outlines, essays, prompts, which will enable him/her to edit or offer comments on their work.

Teacher will be able to create upcoming assignments for students, which can then be easily accessed through Google Classroom.
