Subject: 2nd MP Technology Lesson
Attachments: 2nd MP Tech WS.doc

Attached is my technology lesson from the 2nd MP.

Gary Brenner

2nd MP – Technology Lesson

Creating Google Doc to link to Websites and Give Drivers School Info.

Teacher

- Click “My Drive” on the top left
- Click “Create”
- Click “Folder”
- Click the folder for the period, “Drivers Ed – Per. 3” (example)
- Create “Google Doc” titled “Driving Schools for 6 Hours”
- This Google Doc should already be shared with the class from my previous lesson
- Research local driving schools in the area for students to conduct their 6 hours
- Info for students: name of driving school, address, phone number, hyperlink to business page of driving school
- Allow access for students throughout the school year once they turn 16 years old to conduct their 6 hours of driving for their Learners Permit

Students

- Click “Shared With Me”
- Click classroom folder
- Click document titled “Driving Schools for 6 Hours”
- Access different driving schools in the area to conduct their 6 hours of driving mandatory for their Learners Permit
