

Lights, Sound & Scenery

Lighting Instrument Presentation on Google Presentation:

Essential question: What instruments are used in theater lighting; how do they work; and how are they best utilized?

1. Each student will develop a Google Slide presentation on an assigned lighting instrument.
2. Log into Google Drive. Hit the create tab. Hit the presentation tab.
3. Presentation should include slides on the following information:
 - General written description of the instrument 10 pts
 - Discussion of various uses on the stage 10 pts
 - Diagram of its operation 10 pts
 - Pictures of various examples of the instrument 10 pts
 - Presentation to the class 10 pts
 - Reference Page: all sources, urls, for text, pictures and video 10 pts
 - EXTRA CREDIT video clip about the instrument 5 pts

Find creative ways to make your presentation more interesting. The more creative, the more points you earn.

4. Submit completed project by sharing your presentation with me:
adamsj@middlesex.k12.nj.us
5. Must be emailed to me by Friday, March 13th.
