### Putting a link on teacher website

- Log in to [www.schoolworksite.com](http://www.schoolworksite.com)
- Click on "my website"
- Under main menu (depending how you have your website set up either on the left or the right)
  - o Click the pencil or edit
  - o Click the "add new page" (plus sign)
  - o Name your page
  - o Insert the website link in the second line
  - o Click publish
- Once you have this done you can just click the link to take you directly to the site you want the students to access.
