

Computer Activity: Reviewing material from novel in preparation for test through online **Jeopardy** game.

This activity will utilize a white board and an interactive pointer.

1. To create the **Jeopardy** game:

- Logon to www.superteachertools.com
- Click on "Create a Jeopardy Review Now"
- Click on "Make a New Game Now"
- Give the Game a Title
- Click on "Create This Game!"
- Fill in the Category, Question, Answer and Value for all of the questions
- Fill in the Final Question and Final Answer
- Save the Game

2. To bring the game up on the Whiteboard:

- Logon to www.superteachertools.com
- Click on "Jeopardy Style Review Game"
- Click "Find a Game"
- Write the name of the Game in the "Search Now" box

3. Individual students or groups will:

- Answer questions until they get an incorrect answer, at which time another student/group will have the opportunity to answer the question.
- If they answer the question correctly, they will keep choosing questions until they answer incorrectly.
- This manner will continue until all have gone and all questions are answered.
- The student/group with the most points when the game is completed wins the game.
