

HEIDE FIGEL

TECHNOLOGY WORKSHOP 12/3/14

MARRIAGE PROJECT:

STUDENTS WILL VIEW MY MARRIAGE PROJECT ASSIGNMENT ON POWER POINT.

THEY WILL ALSO RECEIVE A HARD COPY OF THIS ASSIGNMENT, AS IT IS TO BE SUBMITTED AS PART OF THE ASSIGNMENT.

STUDENTS THEN CHOOSE A PARTNER TO WORK WITH OR WILL WORK ALONE AS A WEDDING PLANNER.

THEY WILL OPEN A GOOGLE DOC. AND SHARE THAT DOC. WITH THEIR PARTNER AND MYSELF (SO I CAN MONITOR THEIR PROGRESS).

STUDENTS CREATE THEIR PROJECT ON "PRESENTATION".

I WILL PROVIDE INPUT AND SUGGESTIONS.... OR MOTIVATION WHEN NECESSARY.... ONCE COMPLETED AND GRADED, THE ASSIGNMENTS CAN THEN BE SHARED WITH CLASS.

Technology Lesson #1

Susan Fulton
Child Care Professional
December 3, 2014

Created a document titled, Personal Qualities in google docs.

Set-up the google classroom with each class having a different class code.

Gave the students in The Child Care Professional class the class code.

I transferred the assignment into the google classroom.

The students went to the library to access the assignment in the google classroom and typed it.
