

How to create flashcards using the Quia website.

I used this to create flashcards to help a student study for driving test.

Procedure:

Go to [www.quia.com](http://www.quia.com), then choose Quia Web

Register using free 30 day trial.

Put in the following information

First Name

Last Name

Username

Password

If you follow all the steps you should get to the main page.(you may have to log out and log in again)

When you get to main page choose activities.

Section 1- fill in title and description

Section 2- create flashcard. I use the first box for the Question and the second for the answer.

\*You can create over 100 flashcards\* They can also be used for games.

When you finish flashcard go to section 3

You can choose to use the flashcards, matching or concentration. Choose 1 or all 4.

Section 4- is optional

Check box HTML and LaTeX in this section

Section 5- Identify

Choose how you want to link activity/activities

Click on DONE

\*you can always edit flashcards at a later time\*

Next go to Classes (left hand side)

Create class

Click on # of students- put students names here. When complete click on save.

It will then give you the names and username for each student and class web address.

Make sure you have the class e-mailed to you because the e-mail will give you the username and password for each student. Now you are done.

The student will go to [www.quia.com](http://www.quia.com)

Log on with their username and password.

They will click on the web address provided and then click on the assignment.

This will bring up the activity and directions.

They will follow directions on how to use the flashcards.

They log out when done. They can go back anytime to flashcards and use them to help them study.
